

Hedge Trimmer XGT®

UH007G

40Vmax • 750 mm

Compact hedge trimmer with high power for rough cutting.

XGT® powered Hedge trimmer has a wet guard which makes it water resistant. 3 - speed levels for optimum speed control. Reverse rotation system frees the blade when it is jammed by thick branches. Optimum for rough cutting of thick branches.

User benefits

- Reliable cutting performance like petrol / AC hedge trimmers
- Optimum blade shape for smooth cutting and long run time
- eXtreme Protection Technology (XPT) is engineered for improved dust and water resistance for operation in harsh conditions
- The no load continuous run time on a full battery charge is the same or longer than that on a full tank of petrol
- Double action switch for increased safety
- Constant speed control maintains constant speed under load
- Reverse rotation system frees the blade when it is jammed by thick branches
- Battery protection system automatically shuts off power when the battery level is low
